TOPICS

INNOVATIONS

- Technological Innovation, Product Innovation and Industrial Innovation
- Financing and commercializing innovation
- Human resource management issues in innovation
- Managing collaborative innovation
- Regional innovation systems, clusters and industrial networks
- Service Science and Innovation
- Sustainable Innovation and Technology

KNOWLEDGE MANAGEMENT

- Knowledge Management Processes
- Data/information extraction and integration
- Management and Measurement of Intangibles
- Frequent itemsets and sequential pattern mining
- Mining and representing temporal and spatial data
- Pre-processing, post-processing and visual data mining
- Novel data mining algorithms
- Case Studies on Collaboration
- Social Networks and Psychological Tools for Knowledge Management
